## From the Principal

### School overview

Belmont State School provides quality education for boys and girls in the primary school years (from Prep to Year 6). Our school was first opened in 1876, and in 2013 was selected as one of the first schools in Queensland to become an Independent Public School. This has allowed our school to explore initiatives and innovations that will further improve outcomes for our students. Belmont State School has a proud history and tradition, but also has a "future" focus with students and their learning at the centre. Belmont State School strives to ensure all students are provided with the opportunity to learn, succeed, achieve and improve. Academic success and achievement are coupled with a wide range of arts, cultural and sporting opportunities. Learning activities are purposeful, cumulative, challenging and fun. Enthusiastic students, a professional staff and a school community strongly supportive of student achievement embrace these experiences and programs. At Belmont State School, balance, context and purpose are given to learning. The focus is on the "whole child", with opportunities provided for, nurtured and valued across "pillars" of education: Academic; Arts; Community; Cultural; Sporting and Wellbeing. Students are encouraged and challenged to take calculated risks in their learning, set personal goals and learn from mistakes. Excellence, success and achievement is acknowledged and celebrated at all levels. Belmont State School ensures effective partnerships are built and maintained both within and beyond the school community. These partnerships encompass a range of leadership opportunities: for staff, for students and for parents. Students, staff and community actively participate in global learning and citizenship activities. Parents and carers are highly valued partners in the learning process and the school embraces a culture of reflection, conversation and feedback, where all opinions are valued and considered. With high expectations, our aim at Belmont State School is clear and simple – to provide the best quality education and to ensure that every student is given every opportunity to be and do the best they can – during their time at Belmont State School and beyond. As a learning community, we all continue to "Strive to Excel".

## Curriculum implementation

The P–12 curriculum, assessment and reporting framework specifies the curriculum, assessment and reporting requirements for all Queensland state schools' principals and staff delivering the curriculum from Prep to Year 12. Further information on school implementation of the framework is available at <https://education.qld.gov.au/curriculum/stages-of-schooling/p-12>.

### Extra-curricular activities

Queensland state schools provide a wide range of subjects and extra curricula activities such as sport, art, music and school camps. Further information can be found here <https://www.qld.gov.au/education/schools/information/programs>.

### How information and communication technologies are used to assist learning

Information and communication technologies (ICT) are an important part of contemporary schooling. The Australian Curriculum includes ICTs as a general capability across all learning areas, as well as Digital Technologies as a specific learning area. Further information on models used by schools to assist learning is available at <https://education.qld.gov.au/parents-and-carers/school-information/student-ict-device-programs/one-to-one-models>.

## Social climate

### Overview

Each Queensland state school develops and enacts policies to support an integrated approach to behaviour, learning and teaching.

Our Student Code of Conduct is our school's behaviour policy, with information about school rules, consequences and processes for addressing bullying and the use of technology. A copy of this is available on our school website.

Further information is also available at <https://www.qld.gov.au/education/schools/health>.

## Parent and community engagement

Our approach to engaging with parents and the community is aligned to the departments Parent and community engagement framework. The framework helps students, schools, parents and the community to work together to maximise student learning and wellbeing. Research shows parent and community engagement that is effectively focused on student learning can deliver powerful outcomes. Further information is available at <https://education.qld.gov.au/parents-and-carers/community-engagement>

## Respectful relationships education programs

Our school has implemented the Respectful relationships education program (RREP) as part of the broad multi-departmental Queensland Government approach to ending domestic and family violence.

The RREP is a Prep to Year 12 prevention program that focuses on influencing behavioural change to build a culture based on equality and respect in our students, staff, parents and wider community, Students are provided opportunities to explore social and emotional learning in self-awareness, self-management, social awareness, relationships, ethics, values, social norms, gender roles, stereotypes, human rights, risk and responsible decision-making. A growing body of evidence shows that social and emotional learning of this nature leads to:

- improved social and emotional skills, self-concept, bonding to school and classroom behaviour
- less disruptive classroom behaviour, aggression, bullying and delinquent acts
- reduced emotional distress such as depression, stress or social withdrawal.

Further information is available at <https://education.qld.gov.au/curriculum/stages-of-schooling/respectful-relationships>

## Environmental footprint

### Reducing this school's environmental footprint

Environmental education has been a feature of Queensland schools for more than 30 years. In many schools it has been creatively and proactively incorporated into the curriculum in each phase of learning, and is also reflected in the school's facilities and in the actions of its principals, teachers and students.

Table 7: Environmental footprint indicators for this school

Utility category	2016–2017	2017–2018	2018–2019
Electricity (kWh)	312,227	298,118	305,581
Water (kL)	9,892	14,996	7,016

Note:

Consumption data is compiled from sources including ERM, Ergon, CS Energy reports and utilities data entered into OneSchool\* by schools. The data provides an indication of the consumption trend in each of the utility categories which impact on this school's environmental footprint.

\*OneSchool is the department's comprehensive software suite that schools use to run safe, secure, sustainable and consistent reporting and administrative processes.
